

Slumberland

The Most Comfortable Place In The World

Slumberland is one of the most reputable brand of institutional bedding products. Using the advance Posture Spring® and the state of art Pocketed Posture Springing System®, Slumberland hotel beds are widely recognised as the world leader in their own field with unmatched sleeping comfort, support and durability.

HISTORY

Founded by Mr. John Seccombe, the Slumberland company was started in the United Kingdom in 1919. Slumberland has more than 80 years of experiences in making finest beds.

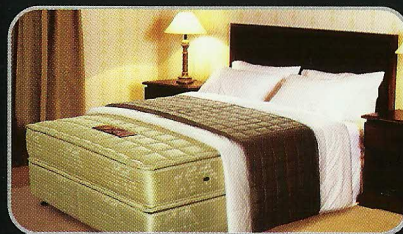

Using the advanced Posture Springing® and the state-of-the-art Pocketed Posture Springing® System, today, Slumberland beds are widely recognised as the world leader in their own field with unmatched sleeping comfort, support and durability.

Combining up-to-the-minute technology and traditional bed making craftsmanship, it will keep Slumberland at the fore front of bed manufacturing well into the 21st century.

Slumberland hotel beds have been supplied to thousand of hotels and resorts worldwide. Slumberland has built up over generations the most respected, widely known name and reputation in the industry. This name and reputation will continue for generations to come.
